Your Journey Begins Here

Late Shri Poonam Chand Ji Kalal
Founder, M.B. Veterinary College

About Founder

Late Shri Poonam Chand ji Kalal, the founder of M.B. Health & Hygiene Nursing Shikshan Sansthan, Dungarpur, accepted the challenge and decided to open a veterinary college in the Dungarpur district of Rajasthan, keeping in view the need of the state in general and of that area in particular. The members of society approached the Government of Rajasthan for seeking its permission to open the proposed veterinary college. The college is affiliated with the Rajasthan University of Veterinary & Animal Sciences (RAJUVAS), Bikaner; and recognized by Veterinary Council of India, Ministry of Agriculture and Govt. of India. The college follows course-curriculum as per Minimum Standard of Veterinary Education-2016 prescribed by the Veterinary Council of India (VCI), New Delhi, with emphasis on disease of bovines including sheep & goats, camel, equines, poultry and companion animals to meet specific requirements of the state.

Thank you for your interest in M.B. Veterinary College, Dungarpur, Rajasthan. We invite you to learn more about the outstanding education and professional opportunities offered at our institution. The core values of MBVET are integrity, teamwork, innovation, excellence, leadership, and professionalism. We at MBVET strive for the highest ethical standards in the performance of our duties. We hope to achieve success through collective performance adaptability and mutual respect.

We are proudly committed to achieving superior result and to exceeding the expectations of our MBVET, Dungarpur. Administration,

faculty, staff and students are all committed to going willingly and enthusiastically beyond what is expected, in order both to follow bold leadership and to give leadership to others so as to achieve superior results in veterinary education. We put the welfare of colleagues, students and sick animals above our own interest, and strive for altruism, accountability and respect for others.

We welcome you to visit our modern campus and spend little bit of time with our caring and committed faculty members.

We all look forward to seeing you in our campus.

Director's Message

Ashish Anand
Director, MBVET

It is my privilege to welcome you to prefer this noble profession to build-up your future career under the canopy of most qualified staff available round the clock to cater the academic needs of students besides the disease diagnostic and therapeutic services offered from the floor of veterinary clinical complex.

I have proud to have the college at the forefront of veterinary medicine and assure you for providing the highest quality veterinary education and training. At our college, we believe that by promoting animal health and their welfare activities we can also improve the public health and the health of our planet. Our

University curriculum is designed according to minimum standards of veterinary education prescribed by the Veterinary Council of India, New Delhi to provide the students with a comprehensive education that focuses on the latest research and skilled practices in veterinary medicine and its associated fields. The college is committed to provide you a good platform of outstanding education and professional opportunities. I welcome you to visit the college, established with modern facilities of education, extension and common amenities of comfort separately for boys and girls within the campus premise.

Message from Secretary

Kapil Anand
Secretary

Message from Financial Secretary

Yashwant Anand
Financial Secretary

It is my privilege to inform all of you that M.B. Veterinary College is one of the prestigious college of RAJUVAS. I, myself and on behalf of my colleagues, welcome you all to the portals of one of the temples of learning the art of Veterinary Medicine and Animal Science. My college boasts of having the best infrastructure available among the private veterinary colleges in Rajasthan. The faculty involved in grooming of students to fulfil the dream of becoming good doctors, is an

amalgam of very senior professors drawn from prestigious institutions of our country and other young teachers are from various states of India. In fact, MBVET students get a platform to interact with several teachers of diversified academic potential. For a veterinarian, it is very important to learn clinical skills. For imparting those skill, the entire infrastructure has been created to an excellence for building up bright professional career.

Message from Dean

Prof. Dr. V. K. Sharma
Dean

LEARN BY DOING!

Practical Knowledge is essential for veterinary students to develop the skills and knowledge necessary to become competent and proficient veterinary surgeons. Practical experience enhances theoretical knowledge, promotes the application of knowledge in real-world scenarios, and is necessary for the development of expert knowledge, metacognitive skills, and lifelong learning.

Rajasthan is known for its rich animal wealth in terms of both quality and quantity. The livestock sector plays a very important role in the economy of the state and its people, as the state government earns more than 15% of its revenue from this sector. The rural masses, especially the economically weaker section, derive their livelihood from the animals. Keeping in view the importance of this sector, the state as well as the central governments is implementing many developmental programmes to progressively enhance the quality of animals, their production and reproduction to make the rural masses, especially the weaker section, self-reliant. To cater the needs

of livestock sector, a quite large number of competent veterinary professionals equipped with the modern technologies would be consistently required. The state government, due to server resource crunch, cannot bear the burden of opening the additional veterinary colleges as per the man power need; accordingly it took an initiative to privatize the veterinary education and made the VCI regulation mandatory for imparting veterinary education in the state. M.B. Health & Hygiene Nursing Shikshan Sansthan, Dungarpur, accepted the challenge and decided to open a veterinary college in the Dungarpur district of Rajasthan, keeping in view the need of the state in general

and of that area in particular. The members of Society approached the Government of Rajasthan for seeking its permission to open the proposed veterinary college. The college is affiliated with the Rajasthan University of Veterinary & Animal Sciences (RAJUVAS), Bikaner recognized by Veterinary Council of India, Ministry of Agriculture, Govt. of India. College follows course-curriculum as per Minimum Standard of Veterinary Education-2016 prescribed by the Veterinary Council of India (VCI) New Delhi, with emphasis on disease of bovines including sheep & goats, camel, equines, poultry and companion animals to meet specific requirements of the state. College building is available for teaching, research and extension education with most modern clinical, para-clinical and production departments.

ABOUT COLLEGE

Veterinary Clinical Complex

Veterinary clinical complex is integral part of academic activity. It serves dual purpose as it provides treatment to the sick animals and at the same time students gets hands on training on various types of clinical cases reported at OPD, emergency, holidays and also door stapes of farmers. The facilities for critical health care of livestock and crises management are also available apart from propagation of superior germ plasm. Medicine, Surgery and Gynaecological units have facilities of USG, X-ray and other modern sophisticated equipments. The Clinical Complex has also facilities of Intensive Care Unit, Indoor ward including Rest House for the farmers of indoor cases. Not only this, clinical departments have the facility of therapies related to equipped with urine, electrolite analyzers, computerised blood hematology and bio chemical analyzers. Electrolyte Digital Radiography, Sonography, physiotherapy and modern clinical pathology lab Physiotherapy

Farm Complex

Instructional Livestock Farm Complex is established as per the guidelines of Veterinary Council of India (VCI). The farm is existing in nearby the college. The farm currently houses cattle, buffaloes, sheep, goats, pigs, horses, chicken, duck and rabbits. A morden judging pavilion as per MSVE-2016 is also constructed to meet academic requirements of students. Besides, the demonstration of fields for various types of feed and fodder are additional attraction of academic interest

Arin Ciciliya

MBVET Achievements

The hard work and dedication put in by the management apart from whole hearted devotion and enthusiasm of young and energetic staff combined with learning zeal of the students altogether allowed the college to impregnate with new academic horizons. Among these, laurels brought by Mr. Ciciliya Arin Ajay (Gujrat) at university and college level are worth appreciation as he obtained 4th rank at university and 1st position at college level while Ms. Pratibha Kanaran (Kerala) and Mr. Manish Kumar Yadav (Rajasthan) got second and third rank, respectively within the college and are of equivocal significance to boost-up the moral of other students. The credit also goes to Miss Navyaa of first professional year for receiving the Savitribai Phule Excellence Award 2024 for her erudite and informative essay in national level competition held to celebrate the birthday anniversary of the first female teacher of the country.

Jurisdiction : Any dispute arising out of anything concerned with the MBCV & its activities including admissions will be subject to the jurisdiction of the courts situated at Dungarpur only.
